leveraging of activities by patrol will continue for the foreseeable future. Given that reality, we wish to continue to maintain a low risk profile by enhancing the communication about patrol outings. The number, frequency, and complexity of which are growing as the patrols are correctly forming into more cohesive units. This will be accomplished by further promoting the filling out of a Troop 48 Trip Sheet and sharing it with troop leadership (Julieann White) in a timely fashion. This will also improve the records management for advancement and scout of the year considerations.
