<u>Activity</u>	<u>What To Bring</u>
Pick up trash	Facemask, hand sanitizer, large trash bag, gloves, trash tongs, water bottle, snacks

VI. Trip Description

Trip consists of a good turn project for the park. It replaces our Adopt-A-Highway project that we have done every year since 1991.

Assemble Saturday morning, August 21at 10:00 A.M. at Duck Island parking lot (at the visitor's center). Walk around the island and other park areas for a couple of hours, picking up trash.

We will be following Covid-19 hygiene practices per BSA guidelines. Everyone should bring and wear their own facemask, if desired. Each scout should bring their own trash bags and gloves. We will break into small groups and maintain at least 6 feet separation at all times.

If there is a dumpster near the parking lot, please leave the filled trash bags there. Otherwise, you may put the bags in the dumpster behind the church.
