## Cavalcade Overview

Cavalcade itineraries have been developed to provide the most varied and popular programs for your crew. Each itinerary includes a layover day to rest your horses and to provide your crew the opportunity to hike to a camp or landmark which may not be possible while you are on horseback.

The itineraries which have been developed for the Cavalcades have been designed to include a wide variety of staffed camp programs. However, bear in mind that a large part of the program for Cavalcades is the opportunity to spend hours on horseback while seeing the beauties and wonders of Philmont's backcountry. It will allow your crew to gain confidence and experience while riding and working with man's finest domestic animal—the horse. Because of the length of some rides or due to unexpected events on the trail, some program opportunities at staffed camps may be unavailable by the time you arrive.

In order to beat afternoon thunderstorms or experience program opportunities, some days may require early wake up and saddling. Your crew will have to work smoothly as a team because some days can be very strenuous as well as exciting.

There are 8 itineraries available for Cavalcades in the South country and 6 itineraries for the North country. Please note that itinerary numbers that begin with the same digit (for example, S-2A and S-2B) are simply reversals of one route. The S or N denotes Southern or Northern itineraries.

A summary of the Southern and Northern Itineraries follow. After reading the itineraries and reviewing the programs offered at staffed camps, choose the top 5 itinerary choices (either Southern or Northern depending on how you are assigned by Registrar). As a reminder, Cavalcade numbers that end in CV and CW are Southern groups and those ending in CX and CY are Northern groups.

#### Horsemanship

We recommend that you and your crew practice horsemanship before your arrival. The Horsemanship Merit Badge is preferred. Be aware that there is a great difference between 8 hours in the saddle at Philmont and 1 or 2 hours of practice at your local stable. While on the trail, your Horseman and Wrangler will coach your crew on sitting up straight and balanced in the saddle. However, if a horse is sored while on the trail due to sloppy horsemanship, the rider may have to walk or even be removed from the trail. We strive to keep our horses sound and usable for seven Cavalcades throughout the summer, and it is not fair to those who follow if horses are brought in with saddle and cinch sores.

After instruction by your Philmont Horseman, each crew member will be responsible for saddling and unsaddling their personal horse. You will also receive instruction on packing a horse and tying a diamond hitch.

Be aware that horses are large and powerful animals and that sudden accidents can happen. Be prepared to listen to the instructions given by your Horseman and Wrangler for your safety. Your crew should come with a positive attitude, a willingness to learn, and a respect for horses.

If your crew desires to practice horsemanship at a local stable, it is your responsibility as a Lead Advisor to research the safety record of the particular stable and to be sure the horses are appropriate for your level of experience. You must assume that horses and horseback riding may have the potential for injury. You should do as much as possible to manage the risks associated with horsemanship as you and your crew prepare for Philmont.

## Cavalcade Physical Requirements

In addition to having previous experience Cavalcade participants must be able to mount a horse unassisted and meet the height/weight requirements laid out here:

Height	Max Weight	Height	Max Weight
56"	125	65"	168
57"	129	66"	173
58"	134	67"	179
59"	139	68"	184
60"	143	69"	189

62"	153	71"	200
63"	158	72"	206
64"	163	73" & up	210

## Cavalcade Equipment

Each Cavalcade will have two or three pack horses. The packhorses plus your personal horse will carry all of your personal crew gear.

Philmont will also provide all necessary horse gear including saddles, bridles, halters, saddle bags, stuff sacks, and helmets. Crew camping gear such as tents, pots, large spoon, pliers, camp suds, scrubby, matches, toilet paper, sump material, dining fly, bear bags, and bear rope will also be provided. Stoves and other shared gear outlined in the *Guidebook to Adventure* must be provided by the crew. Each participant must have a raincoat with a hood and rain pants which need to be one size larger. <sup>3</sup>/<sub>4</sub> length slickers are optional.

While on horseback, each rider is required to wear western boots and long pants which you should bring with you. Riding boots should be smooth soled with a heel such as a roper or cowboy boot and should be a pull-on type boot. Also required while on horseback are riding helmets which are furnished by Philmont.

All personal gear (including sleeping bags) should fit in the stuff sack or saddle bags provided by Philmont. The saddle bags are approximately 3"x12"x12" per side. All crew camping gear and tack for horses is furnished. While horseback, you will be required to wear a riding safety helmet provided by Philmont.

See the Guidebook to Adventure for a specific equipment list and more information on Cavalcades.
